• Place an LRP order of at least 125 PV (personal volume) between the 5th and the 15th. This sets you up to receive the Product of the Month for free and to take advantage of promotions. Pay attention to the PV versus price, as many specials are PV-related and start on the first of the month.

How do I get 30 percent back in FREE product points?
• Your Loyalty Rewards percentage grows over time and begins the first month you place a qualifying 50 PV+ LRP order.
• You will increase by 5 percent every three months when your orders are over 50 PV until you reach the maximum of 30 percent LRP Rewards.

How do I redeem my LRP Points?
• In your virtual shopping cart, select “Use Points” on the products you would like to redeem with your Loyalty Rewards Points. New points are added the 15th of the following month after each order placement.

Essential Tips

Effectiveness

- Use your reference guide to find solutions for concerns as they arise.
- Different oils work for different people. When you’re not getting desired results, try different oils or different application methods.
- Massage to increase benefits and promote rapid absorption.
- Try different application methods; apply oils under tongue, or to bottoms of feet, spine, or navel.
- Use oils topically with Fractionated Coconut Oil to achieve greater sustained absorption.

Safety

- Avoid contact with eyes, inside of nose and ears.
- Dilute with Fractionated Coconut Oil for sensitive skin and sustained absorption. Refer to the doTERRA sensitivity guidelines. For convenience, the doTERRA Touch® line has pre-diluted oils.
- Avoid sun exposure for at least twelve hours after applying Lemon, Wild Orange, Bergamot, Lime, Grapefruit, or other citrus oils topically.
- Read labels and follow recommendations.

Best Practices

- Keep your oils at their best by avoiding exposure to extreme temperatures or direct sunlight.
- Use glass containers with your oils, as they can break down some plastics over time.
- doTERRA® oils are very potent. Use smaller amounts more frequently for best results.
