What's the difference between PV and points?

PV and points are not the same thing. Each product is assigned PV. This PV is then used each month to qualify for commissions, rank, and promotions among other things. Points are equal to dollar amounts and can be used to purchase products.

Will I get LRP points for my order?

No. Unfortunately, LRP points can't be earned on enrollment orders.

When will the points be added to my account?

The points will be added to your account on the 15 of the following month (December in this case).

Can I email in my order?

No. Orders must be placed online or through the phone in Member Services.

If the new enrollee returns their order, will we keep the 50 points?

Unfortunately, the points will be clawed back if the order is returned.

How many points can I earn during this promotion?

You can earn a maximum of 1000 points (20 enrollments) during this promotion.
