

dōTERRA Policy Manual, Section 9

“D. A Wellness Advocate who personally enrolls a new Wellness Advocate that achieves the rank of Premier within 90 days of enrollment will be allowed, upon the approval of a qualified Diamond in the Enroller’s upline organization, to place the new enrollee anywhere within the Enroller’s organization. This move can be made after the Enroller has filled out the Premier Move form even if a placement change had previously been made within 14 days of enrollment.”

The qualifying Premier will be moved with their downline organization, unless the move would result in a downline member being moved out of his/her current enroller’s organization. If this occurs, the downline member will remain under his/her current enroller while the Premier and the remaining downline organization will proceed with the 90-day Premier move as requested.

This request needs to be submitted within 10 days of the new Premier being paid as a Premier for the first time.

(Please allow time for commissions to process, as well as for the application to be approved and completed.)

Name of Current Placement Sponsor (if different)

Wellness Advocate #

Name of Wellness Advocate Who Reached Premier in 90 Days

Wellness Advocate #

Name of Placement Sponsor for New Premier

Wellness Advocate #

As the Enrolling Sponsor, I am requesting this change as this will be the best position for this Wellness Advocate to grow in my organization. This Wellness Advocate reached the rank of Premier within 90 days and has qualified under dōTERRA’s policy to be moved within my organization. I am confirming that I have talked to those involved or affected by this move; also, I have coordinated with my upline Diamond on strategy and feel good about moving forward with this change.
