

Fast Start on Reactivations

BEGINNING APRIL 2026

Paid to **Enroller**
Paid **Weekly**
Earn **20%, 10%, and 5%** on CV

How Fast Start on Reactivations Works

Wellness Advocates who reactivate a member who has not placed an order or earned commissions for 12 or more consecutive months will be able to earn Fast Start when that inactive member returns to dōTERRA and places a qualifying order.

Maximize Reactivations

Reactivations can count toward Power of 3 Pod Volume when the returning member places a Rewards order.

Reactivations can count toward TGV beginning the month after reactivation for 12 months.

Additional Details

You must meet Fast Start requirements to earn.

All three levels of Fast Start are paid out to qualified enrollers on reactivations.

Use the six-month inactivity report in your Back Office to focus on members you can re-engage in dōTERRA.

Reactivations do not count toward PGV, qualify for additional pool shares, or earn ProPoints.

¹100 QV required to qualify. See compensation plan for full details. For typical earnings, see the dōTERRA Opportunity and Earnings Disclosure Summary on doterra.com/disclosure.
