- + Power source: DC 5V 1A, 3.7V 800mAh battery
- + Normal mode: blue indicator light
- + High mode: green indicator light
- + USB cable included

Description

The Bubble Emerald Diffuser is a small, motion-activated diffuser with an elegant, deep green, metallic finish that's perfect for the holiday season. Designed to hibernate until it detects movement, its infrared motion sensor has a 13-foot range and a 120-degree field of view and is ready to release a favorite essential oil or blend into the air whenever someone enters the room.

This powerful mini diffuser operates without water and in two mist modes—normal and high—so you can create the perfect aroma ambiance. It uses 5 mL and 15 mL dōTERRA essential oil bottles and can fill a room up to 100 square feet. The diffuser runs up to 12 hours on a charge, and an indicator light flashes when it's time to be recharged with the provided USB cable. The Bubble Emerald Diffuser fits in almost any space and will add a distinctive, festive touch to any room in the home for years to come.

Important: See the Bubble Emerald Diffuser manual for instructions and cautions.

The diffuser comes with a 15 mL bottle of Holiday Peace, a blend of CPTG® essential oils reminiscent of wintertime traditions, to freshen the air, while also providing a tranquil aroma during the busy holiday season.

The Holiday Peace PIP provides more information about the blend.

Directions

Add a bottle of Holiday Peace or another 5 mL or 15 mL bottle of a dōTERRA essential oil or blend to the Bubble Emerald Diffuser.

See additional precautions below.

Cautions

Holiday Peace: Possible skin sensitivity. Keep out of reach of children. If you are pregnant, nursing, or under a doctor's care, consult your physician. Avoid contact with eyes, inner ears, face, and sensitive areas. In case of skin contact, avoid sunlight and UV rays for at least 12 hours.

See the **Bubble Emerald Diffuser** manual and product label for cautions, instructions, and additional information.
