## Primary Benefits

- + Creates a compelling, calming, grounding ambiance
- + Provides a rich, woody aroma with spicy accents, and exotic undertones

## Description

Capturing the allure of the vibrant continent of South America, the aroma of Costa Brio Enlivening Blend is rich and inspiring.

The blend begins with the earthy and smoky undertones of Guaiacwood, blending seamlessly with the bright and uplifting notes of Wild Orange and Lemon. Copaiba adds a warm touch, while Petitgrain contributes a fresh and slightly floral element.

Cedarwood enhances the overall richness with its woody aroma, and Magnolia Leaf brings a subtle, sweet floral nuance. Breu Branco adds a resinous and balsamic quality, complemented by the minty freshness of Bergamot Mint. Fennel contributes a hint of herbal sweetness, while Balsam Peru provides a warm and comforting undertone.

Pink Pepper, lively and invigorating adds a touch of spiciness, while Tonka Bean introduces a sweet and creamy note, bringing depth and warmth to the blend.

Earthy, citrusy, woody, floral, and sweet, this multifaceted blend creates a rich, inviting olfactory experience. Ideal for diffusion, Costa Brio can transform your space into an intriguing, tranquil retreat.

dōTERRA sources the Wild Orange, Pink Pepper, and Tonka Bean used in Costa Brio from South America through Co-Impact Sourcing® initiatives.
