Product Information Page

dōTERRA baby | Diaper Rash Cream
2.1 oz / 60 g

60201362

Primary Benefits

- + Creates a barrier to protect delicate baby skin from excess moisture with non-nano zinc oxide
- + Supports the baby's soft skin with raw East African Muyao shea butter's unique fatty acid profile
- + Balances and soothes the skin with Lavender, Carrot Seed, and Tea Tree essential oils
- + Provides a gentle, clinically tested formula made for sensitive skin
- + Formulated without parabens, phthalates, propylene glycol, petrolatum, mineral oil, talc, and artificial colors

Description

Safe and effective, dōTERRA baby Diaper Rash Cream spreads easily on delicate baby skin to help treat, soothe, and prevent diaper rash. Infused with CPTG® Lavender, Carrot Seed, and Tea Tree essential oils, the cream helps balance and soothe the skin, while rich Muyao shea butter works to moisturize, leaving the skin soft and smooth. Non-nano zinc oxide creates a barrier to protect from excess moisture, preventing diaper rash before it starts. Protect your little ones with this effective cream designed just for a baby's delicate skin.

Directions

Change the wet or soiled diaper promptly. Cleanse the diaper area and allow to dry. Apply the cream liberally as often as necessary with each diaper change, especially at bedtime or anytime exposure to wet diapers may be prolonged.

Cautions

For external use only. When using this product, do not get into eyes. Stop use and ask your doctor if condition worsens or symptoms last more than seven days or clear up and occur again within a few days. Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center immediately.
