- + Absorbs dōTERRA essential oils or blends easily into chemical and dye free 100% wool
- + Stores in the provided cotton bag so it's reusable year after year

Description

Add to your décor while a favorite holiday aroma fills the air with dōTERRA Diffusing Garland. At home almost anywhere, this handmade strand, 9 feet in length, can be hung across a fireplace mantle, wrapped around a tree, or draped along a stair banister. Made of various-sized 100% wool balls, the garland is a special addition to any room. The chemical and dye-free hand-rolled balls are made with love by women of Kathmandu as part of a company helping to provide jobs and improve economic well-being. The garland's neutral, off-white color works well in every setting and additional garland can be added to fit any length needed when decorating. Place a drop of a favorite dōTERRA holiday blend on a few balls for a subtle aroma or add a drop to all the balls and let the festivities begin. The dōTERRA Diffusing Garland comes in a cotton storage bag so it's ready for every holiday season.

Cautions

Keep out of reach of children.
