**Arborvitaee**
*Thuja plicata* 5 mL

---

**PRODUCT DESCRIPTION**
Known as the “tree of life,” Arborvitaee is majestic in size and abundant in unique benefits. Our arborvitaee essential oil is sourced from the heartwood of the *Thuja plicata* tree. It is also known as Western Red Cedar and is native to North America (primarily Canada and the Northwestern United States). This unique source of Arborvitaee essential oil contains a distinct chemical profile and is uniquely concentrated in methyl thujate. The sourcing arrangements for this oil are done in an innovative, environmentally responsible way through distillation of residual wood materials to ensure no trees are unnecessarily harvested for production. Native to Canada, all parts of the Arborvitaee tree were used extensively by Native Americans for health benefits and for building vessels, totem poles, baskets, and clothing.

**USES**
