 PRODUCT DESCRIPTION
Clary Sage is a biennial or perennial herb that grows up to six feet in height. Clary Sage is known for its calming properties and benefits to the skin. The main chemical component of Clary Sage is linalyl acetate, part of the esters group, making it one of the most relaxing, soothing, and balancing essential oils. In the Middle Ages, the Clary Sage plant was frequently used to soothe skin. Inhaling Clary Sage adds to a relaxing environment, and internal use promotes a restful night’s sleep.*

USES
• Rub three to five drops on the abdomen for a soothing massage.
• Combine with Roman Chamomile and add to bath water for a stress-relieving bath.
