PRODUCT DESCRIPTION
Traditionally, Copaiba has been administered orally to promote the health of cardiovascular, immune, digestive, and nervous systems.* When taken internally Copaiba essential oil may be calming, soothing, and supportive to the nervous system.* Antioxidant support of Copaiba essential oil promotes healthy immune function and response, while supporting cellular health and function.* The many benefits Copaiba Softgels provide to the body also include supporting the healthy functioning of the circulatory system and soothing anxious feelings.* Copaiba Softgels are easy to swallow and provide a convenient way to receive the internal benefits of Copaiba essential oil.

Copaiba contains the highest levels of β-caryophyllene (BCP) among currently known essential oils. An irregular cannabinoid and sesquiterpene, BCP is a potent constituent within Copaiba essential oil. BCP selectively binds to CB2 receptors in the endocannabinoid system (ECS)—a signaling and regulating system comprised of enzymes, receptor sites throughout the body, and endocannabinoids produced by the body. With cannabinoid receptors found widely in the body and all major organs, the ECS acts as a major regulator of human health. The CB2 receptors in this system are of particular importance because they are mostly found within the immune system. When Copaiba is consumed, the BCP binds to these receptors to aid healthy immune and inflammatory responses.* It also influences multiple signaling pathways to promote healthy liver, digestive, kidney, heart, and brain function.* With its wide influence on key organs, BCP supports general well-being.

DIRECTIONS FOR USE
Take 1 softgel as needed.

CAUTIONS
Keep out of the reach of children. If you are pregnant, nursing, or under a doctor’s care, consult your physician. Store in a cool, dry place.

OTHER INGREDIENTS
Extra virgin olive oil, Modified tapioca starch, Glycerin, Purified water, Maltitol.
