

dōTERRA Lifelong Vitality Pack®

PRODUCT DESCRIPTION

The dōTERRA Lifelong Vitality Program makes taking the first step on the path toward a lifetime of vitality and wellness convenient and affordable. The three core products of the dōTERRA Lifelong Vitality Program—Alpha CRS®+, xEO Mega®, and Microplex VMz®—are formulated to provide you with targeted levels of essential nutrients and powerful metabolic factors for optimal health, energy, and longevity.*

Our lifelong health and vitality depend on many factors, including diet, physical activity, weight management, rest, stress management, exposure to toxins, and inherited genetic predisposition for disease or wellness. While some of these variables are beyond our complete control, breakthrough scientific research is revealing many ways we can influence—and even control—significant factors of aging and wellness. A long life full of vitality and healthy aging begins with providing your cells with essential nutrients and metabolic factors to help them perform optimally.
