PRODUCT DESCRIPTION

The dōTERRA Hygge Diffuser instantly creates a cozy and comfortable atmosphere thanks to its beautiful, frosted glass top and warm flickering light. Designed to reflect the Scandinavian concept of hygge, it invites a sense of security, comfort, and coziness. The word hygge is used to describe that cozy feeling you get when you are comfortable and content with life. With just a few drops of essential oils and the push of a button, you can transform your home into a sanctuary—a place where you can be truly contented.

The dōTERRA Hygge Diffuser has four mist settings and four light options, allowing you to customize your diffuser experience. Whatever hygge means to you, this diffuser can help you create it.

*See diffuser manual and product label for cautions and instructions.
