Primary Benefits

- + Delivers restorative topical benefits and promotes the look of renewed and revived skin
- + Soothes minor skin irritations
- + Reduces the appearance of skin imperfections

Description

Native to Hawai'i, Naio essential oil is sustainably harvested from trees that aren't commonly found elsewhere, which have been used for centuries in traditional Hawaiian holistic practices. This unique oil embodies the spirit of traditional Hawaiian rituals. Naio trees, which can range from sprawling shrubs to majestic 30-foot giants, yield this essential oil with a captivating earthy, sweet aroma. Because of its α -bisabolol content, Naio essential oil has many powerful benefits, being soothing to the skin and reducing the appearance of skin imperfections.

Naio is sourced in the Kealakekua Mountain Reserve, a dōTERRA Cō-Impact Sourcing® initiative and home to the largest reforestation effort in Hawaiian history. Naio essential oil is featured in Frankincense Stick + Naio.
