### 100 PERCENT WOOL DRYER BALLS AND 100 PERCENT COTTON BAG

Made with love, these handmade dryer balls and bag provide needed jobs and income to improve the economic well-being of women in Kathmandu, Nepal. The balls are created from organic, chemical- and dye-free wool harvested according to international ethical sheering standards.

### WINTERGREEN 15mL/0.5 fl oz.

*Gaultheria fragrantissima*

Wintergreen essential oil is derived from the leaves of a creeping shrub found in coniferous areas. Wintergreen has a refreshing aroma that's uplifting and stimulating. Through dōTERRA's Co-Impact Sourcing® initiative, our source of Wintergreen comes from Nepal where it is wild harvested by rural villagers then distilled by community-owned distillation facilities. This process creates increased economic opportunity for very remote regions in rural Nepal.

## INSTRUCTIONS:

Place one to four drops of favorite CPTG® essential oil onto the wool dryer balls. Toss two to four dryer balls with laundry in the dryer. Once done, remove and reuse over and over again.
