## Description

Flouride-free dōTERRA On Guard Natural Whitening Toothpaste combines the protective benefits of the proprietary dōTERRA On Guard blend of CPTG Certified Pure Tested Grade® essential oils with other natural ingredients that help clean the teeth and gentle polishing agents that whiten teeth.

The dōTERRA On Guard blend of Wild Orange, Clove, Cinnamon Bark, Cinnamon Leaf, Eucalyptus, and Rosemary essential oils provides an extra cleaning boost. Peppermint and Wintergreen oils, along with the natural sweetener xylitol, give dōTERRA On Guard Natural Whitening Toothpaste a refreshingly unique cinnamon-mint flavor that leaves your breath—and toothbrush!—fresh and clean throughout the day.

Hydroxyapatite, a naturally occurring substance, is an oral care ingredient with preclinical research to indicate its ability to help remineralize and restore enamel. To keep your teeth healthy and free from cavities and enamel erosion, the enamel needs to be constantly built back up (or remineralized). Hydroxyapatite helps make teeth feel stronger, smoother, healthier, and less sensitive to hot or cold.

Hydrated silica is a natural abrasive that helps remove tooth stains, but it's gentle enough to not damage tooth enamel.

*What do we mean by "natural"? We mean dōTERRA On Guard Natural Whitening Toothpaste is formulated:*

- + *With primarily naturally derived ingredients\**
- + *Without saccharin, aspartame, sucralose, sodium lauryl sulfate (SLS), titanium dioxide, flouride, or artificial colors, or flavors.*
