PRODUCT DESCRIPTION

Meet pilōt MAX, the rechargeable diffuser you can use all day or all night long. It's everything you love about the pilōt® with a longer run time and higher volume output. The pilōt MAX has the same neutral design as the original pilōt diffuser and has the power to fill a 300 square foot area for up to six hours of continuous or twelve hours of intermittent diffusion. This diffuser even has an Ultra Mist Mode for maximum output. Convenient and mess-proof, pilōt MAX can move from room to room with no need for an electrical outlet and comes with a USB cable for easy charging. It's easy to fill your home with your favorite essential oil aromas all day, every day with the pilōt MAX.

See diffuser manual and product label for cautions and instructions.
