PRODUCT DESCRIPTION

Forget diamonds, shea butter is a girl's best friend! Pamper the skin with the rich hydration and luxurious feel of pure shea butter known for deep moisturizing and the ability to soothe and protect dry skin and hair. Shea Butter is extracted from the nuts of the Shea tree, sourced from East and West Africa through our partner, Fair Oils. The nut is primarily composed of saturated and unsaturated fatty acids, as well as Vitamins A, E, and F. Vitamins A and E soothe and hydrate skin. Vitamin F contains essential fatty acids, which help protect skin. Our collection features the lush properties of shea butter and essential oils known for their beautifying and rejuvenating properties.

The collection contains one unscented balm and balms infused with CPTG® essential oils Yuzu & Magnolia—balancing and relaxing, Helichrysum & Rose—restoring and rejuvenating, and Blue Tansy, Neroli & Yarrow—soothing and renewing.

DIRECTIONS FOR USE

Apply shea butter to desired areas of the skin.

INGREDIENTS

Unscented: *Butyrospermum parkii* (Shea) Butter, Citric Acid

Blue Tansy, Neroli, & Yarrow: *Butyrospermum parkii* (Shea) Butter, *Tanacetum annuum* (Blue Tansy) Flower/Leaf/Stem Oil, *Citrus aurantium amara* (Bitter Orange) Flower Oil, *Achillea millefolium* (Yarrow) Oil, Citric Acid

Helichrysum & Rose: *Butyrospermum parkii* (Shea) Butter, *Helichrysum italicum* (Helichrysum) Flower/Leaf/Stem Oil, *Rosa damascena* (Rose) Flower Extract, Citric Acid
