Description

The ancient practice of burning the yule log can be traced to European and Nordic traditions centered around the winter solstice, the longest night of the year. There are many stories and beliefs surrounding this custom, but in all of them the yule log brings people together as a source of warmth and a symbol of hope.

Yule Log is the quintessential blend of holiday togetherness. With rich timbers—including CPTG® Cedarwood, Siam Wood, Sandalwood, and Nootka essential oils and warm Labdanum and Cistus—Yule Log Inviting Blend captures the celebratory tradition of lighting a special fire.
