Project: Fundación Vida Plena
Partner: Blue Diamond Lourdes Bornacini
Location: Mexico
Supported: 123 children
Cost: \$30,290.73

Summary: This project helped expand the Corazones Magicos (Magic Hearts) program in Querétaro. Corazones Magicos is a private assistance institution that seeks to protect low-income children in Mexico, especially those who have suffered child sexual abuse. The goal of this Match project was to provide psychological support and legal assistance for children who would not otherwise be able to afford this type of trauma-informed care.

“Thanks to dōTERRA, and to you,” our sourcing partner said, “hundreds of families now enjoy clean potable water for their homes. I was happy to discover the impact meant more than just giving them easily accessible water. The proximity of those taps stands saved their children 2 hours—the amount of time these kids usually spend to fetch water. That alone was worth the undertaking.”

Cō-Impact Sourcing®

Cō-Impact Sourcing Project Highlight
dōTERRA Healing Hands and Cō-Impact Sourcing recently completed a clean water project in the Philippines where dōTERRA sources fractionated coconut oil. The project included installing a well, providing a water tank and solar pump, and building 10 water taps in and near the community of Quirangay, which is within the 8 kilometer danger zone at the base of the Mt. Mayon volcano.

Emergency Relief Project Highlight

Along with her ministry team of six Wellness Advocates, Janis Cope, a Pastor of her church, set out to give humanitarian assistance to Ukrainian refugees. The group from Cope Ministries International traveled to Bucharest, Romania to volunteer at Casa Shalom safe house. They carried with them essential oils and Emergency Relief kits to give to the refugees. These supplies were a big help for women, infants, and children who escaped Ukraine with few possessions.

"I can't begin to tell you the impact that the emergency hygiene kits have had for the Ukraine refugees," Janis said. "As they depart from the Mission house where I am, they are all given a hygiene kit and they are so grateful."
